

13 DRAW and WRITE a postcard

In the book *The 52-Storey Treehouse* Jill shows Andy and Terry a postcard she has received from Silky and her catnary friends who are on holidays in the Catnary Islands.

Now it's your turn

Make a postcard. Think of a place (it can be real or imaginary—nice or horrible) and draw a picture of it. On the back of the picture write a short message to someone, telling them about what you have been doing on your holiday. Don't forget to write the person's name and address and draw a stamp.
